"Global Climate Change and Sustainability"

Keynote Presentation by
Dr. William Schlesinger

James B. Duke Professor of Biogeochemistry and Dean Emeritus of Duke University's Nicholas School of the Environment

The Evening's Moderator will be Dr. Betsy Bennett, Retired Director of the NC Museum of Natural Sciences and The Nature Center

Other Distinguished Speakers Include:

Mr. Tom Earnhardt, Environmental Lawyer and Law Professor at the NC Central University School of Law; former Assistant Attorney General; and most recently an author and writer/producer of the UNC-TV program "Exploring North Carolina". Showing of the film "North Carolina's Two Coasts: The Coast We Know & Coast We Are Creating".

A panel discussion led by Dr. Bennett will feature:

- **Mr. Derb Carter**, Director, Southern Environmental Law Center, 2004 NC Conservationist of the Year Award Recipient, 2000 National Wetlands Award Recipient and former Director of the National Wildlife Federation's Southeast Office
- **Rep. Pricey Harrison**, NC Representative for Guilford County, President of the Julian Price Foundation; Board Member of NC Environmental Defense and Piedmont Land Conservancy
- **Dr. Stanley Riggs**, Coastal Marine Geologist; East Carolina University Distinguished Research Professor; Thomas Harriot College of Arts and Sciences Distinguished Professor; Founder and Director of North Carolina Land of Water (NC LOW), a nonprofit 501 (c3).
- **Mr. Bill Ross**, Counsel at Brooks Pierce, Visiting Professor at Duke University's Nicholas School of the Environment, and former Secretary of the NC Department of Environment and Natural Resources
