The Sustainable Enterprise program prepares students to strategically approach social, environmental and governance challenges. You’ll be exposed to innovative and wide-ranging course topics that complement your career and other enrichment concentrations. You’ll graduate with a sustainability mindset and toolkit, prepared to lead at the intersection of profit, society and the environment.

**KEY RESOURCES**

**UNC Kenan-Flagler Center for Sustainable Enterprise**
The Center serves to accelerate progress in social and environmental sustainability through innovative and profitable business solutions. We engage with stakeholders to empower students, faculty and businesses to create impactful solutions and identify breakthrough opportunities.

**Stacia L. Wood Social Impact Summer Grants**
This grant program provides financial support to MBA students utilizing business skills during their summer internship within organizations that make a positive social impact.

**Net Impact Club**
The club builds upon our tradition of leadership in sustainable business practices by providing students with education, opportunity to drive social and environmental change. Our chapter has received gold status for five consecutive years from the national Net Impact organization.

**Energy Club**
This student group organizes networking events, case competitions and career treks to provide students with the knowledge and networking opportunities to secure leadership positions in the energy industry.

**National Case Competitions**
UNC Kenan-Flagler students have the opportunity to participate in a variety of sustainability-focused case competitions including:
- Net Impact Challenges
- Carolina Challenge
- Kellogg-Morgan Stanley Sustainable Investing Challenge
- Turner MIINT: The MBA Impact Investing Network & Training

**MBA FOODCON**
This daylong conference connects thought leaders in food and agribusiness and MBA students from UNC Kenan-Flagler, Duke University, and NC State University to create valuable professional connections while discussing pressing issues and trends within the food industry.

UNC Kenan-Flagler offers numerous resources for students pursuing career paths in sustainability, including personalized career coaching, workshops and experiential learning programs, and opportunities to network with employers.

**Career Development**

Our faculty, Career & Leadership team, Net Impact Club and the Center for Sustainable Enterprise partner to provide a variety of avenues to explore career opportunities, including:

- Workshops by renowned experts in sustainability career paths
- Various student-led career treks to visit organizations across the U.S.
- Speaker events with sustainability industry leaders
- Local and global sustainable enterprise conferences

**Career Treks**

The Net Impact Club organizes two treks annually, one during fall Career Week and one focused on local companies pursuing sustainability goals. Treks provide students unparalleled exposure to different business models and networking opportunities beyond traditional on-campus recruiters.

99% OF CEOs from companies with more than $1 billion in annual revenues believe sustainability will be important to the future success of their business. **Source: 2019 Accenture Strategy CEO Study**

88% OF CEOs believe our global economic systems need to refocus on equitable growth. **Source: 2019 Accenture Strategy CEO Study**

“**We strive to prepare our students with the knowledge, experience and network to lead the way in sustainability - delivering positive social and environmental impact through profitable business solutions.** The Business and Sustainable Development Commission estimated that achieving the Sustainable Development Goals will result in business revenue and savings of at least $12 trillion annually, and potentially 2-3 times more. Our alumni, nearly 800 within the sustainable enterprise concentration, are leading the way to realizing these business opportunities.”

Jeffrey Mittelstadt
Executive Director, Center for Sustainable Enterprise
Professor of the Practice, Strategy and Entrepreneurship
