

Chat History

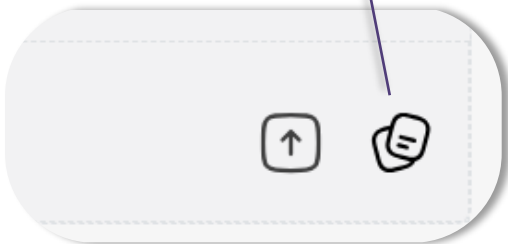

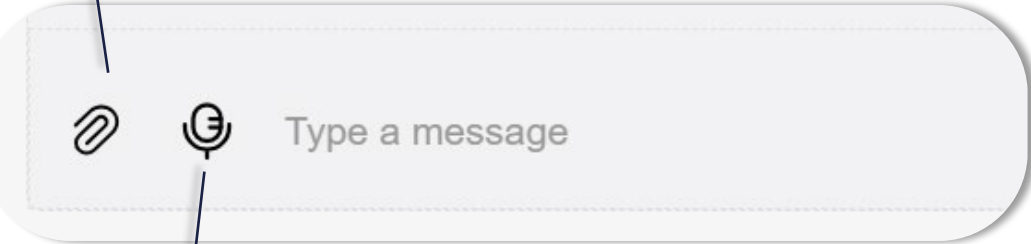

Fully manage your chat history with access to search, rename, archive, delete, and export for sharing.

Message Bar

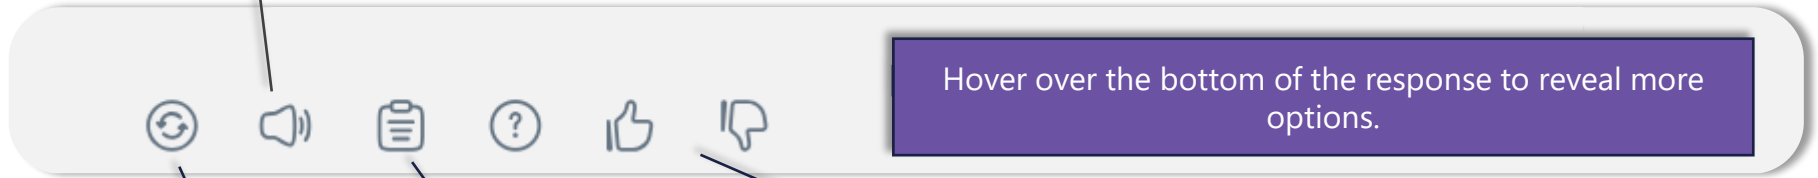

Engage with up to 50 pages and files up to 20MB. Interact with images, PDFs, Word documents, Excel spreadsheets, and CSV files.

Save frequently used prompts to your User Prompt Library. These are accessible across conversations and AI agents.

Stay accessible by using the speak-to-text feature. Make sure to also use the text-to-speech option on your reply as well.

Response Options

Hover over the bottom of the response to reveal more options.

Regenerate the response. You'll be able to generate multiple replies/options which can be especially helpful with complex prompts.

Copy the output to your clipboard.

Provide feedback on the quality of the response to better help your admins know how to tweak the agent.

How to prompt

PACE Framework

Problem

Identify the issue you want to solve: *"I need to...", "I have to...", "I need help with...", "I am struggling to learn <topic>"*

Action

Define the task you want nebulaONE[®] to perform using a **clear action verb**: *Create, generate, brainstorm, illustrate, draw, envision, craft, conceptualize.*

Context

What **additional information** is needed to provide a **relevant** and **complete response** based on the tasks and actions required.

Expectations

Influence the response by presenting **examples** and **expectations** for the desired output.

Example Use Cases

Research

Provide a detailed analysis of the impact and effects of Generative AI in higher education. Present in bulleted form with links from reputable sources.

Study Buddy

I am learning about <topic>, help make this topic easy to understand. Explain to me in simple terms and create connections to real life scenarios.

Internship Research

I am a third-year business management major with a focus on entrepreneurship. Can you help me find internships to apply to?

Digitize Lecture Notes

Using the attached photos of my handwritten notes, digitize and organize the content for me to copy to my OneNote or Word doc. Create a Cornell notes summary page and vocab sheet as well.

Document Summarization

Summarize the attached document and highlight all important points and action items.

Fitness Assistance

I was a high school gymnast and now I need help staying active while at college. Ask me questions to help create a custom workout and find social groups on campus.

Study Planner

I have attached my course syllabi for this semester. Create a study schedule for the next week and highlight all assignments, readings, and assessments.

Learning Gen AI

What kind of things can I ask you to help me with?
