Course Selection

PLEASE NOTE: The undergraduate business program office will only enroll a non-business major in a BUSI course that has an available seat and for which all prerequisites have been met. **You are responsible for clearing all holds that prevent registration. If your BUSI course request has a time conflict with another course on your schedule or you have reached your credit limit, you must adjust your schedule to accommodate the BUSI course prior to submitting your request or provide course swap information below.** Your registration request will not be processed if there are any registration issues that prevent the undergraduate business program office from enrolling you. Requests will be processed in the order in which they are received. **You will not be allowed to swap a section of a course once you have been placed in a BUSI course.**

Non-business majors may request enrollment in up to two business courses. A non-business major is limited to a maximum of two BUSI courses, regardless of the number of credit hours, per semester. Over the course of an undergraduate career (eight semesters), non-business majors may enroll in a maximum of five BUSI courses, regardless of the number of total credit hours. Students with First Year classification (based on years not hours) are NOT permitted to take BUSI courses.

All prerequisites MUST BE MET for students to be enrolled in a course. Students with no prior BUSI coursework will not be allowed to take any courses 500 and above. Students may not request BUSI 500 or 520, as Connect Carolina is offering a waitlist with seats for non-business students. All requests for BUSI 500 or 520 will be IGNORED. Non-Majors will only be allowed to take BUSI 411 with 2 or more BUSI courses in their course history with a C or better in each. Preference is given to those who have a cumulative GPA of 3.0 or higher.
