Overview

**Women in Business: Transitioning to Leadership** helps professional women strengthen the skill set necessary to transition to leadership. You will learn techniques and best practices that will enhance your impact as a leader.

Who should attend

Mid to senior-level managers who want to:
- Enhance personal leadership effectiveness
- Accelerate movement into more strategic roles
- Expand existing support networks and create new ones

Key benefits

Participants of this program designed specifically for professional women will:
- Learn practical tools that you can apply to real-world situations
- Develop strategies to support coaching, managing, and leading
- Enhance the skills needed to manage power and politics in a business environment
- Sharpen your strategic problem-solving and decision-making skills
- Learn how to better market yourself, create new alliances, and leverage networks
- Create a plan to make the transition from managing to leading
- Realize your ability to create a strong vision for others to follow
- Develop new skills for encouraging teamwork across boundaries

What attendees liked best

“listening to other women tell stories of their leadership experience, their ideas… different points of view”

“the way each instructor connected with the participants”

“learning the importance of emotional intelligence”

*Tuition includes instruction, materials, continental breakfast, and lunch. Accommodations not included.
To encourage group participation, multiple participant discounts are available.
Subject to change.*
